Abstract

My art Swarming flowers is got inspired by the passion of mine such as nature, the beauty of rhythm and movement, happiness, and comfort which has got from the environment. It is my impressive memories that I would like to create my artwork to impress the viewers. My artwork will be represented in the movement of the beautiful configuration of life and flora. The perfect combination of these things that will engendered the movement, rhythm, and complicated dimension in my artwork. I hope my art Swarming flowers will give an impression and appreciation of beauty that the viewers can create the artwork in their own way.
