

*My Own
Starry
Night*

An animation by Edward LEE

Title

My Own Starry Night

Style

3D Animation

Introduction

A father and a son who live on the star island where they start on a journey with throwing the stars up in the sky. In the process, the son is so curious to explore different new things, even he makes different mistakes. Despite the son making a huge flawed decision, his father does not punish him and let him learn from the mistake.

Materials and Techniques

Autodesk Maya and After Effect
