

Allergy Cares Box (Innovative Discovery)

To help children to have good memories and imagenation.

Many times we don't know what allergic reactions occur on the skin, so I designed an allergy box, where each sachet shows the symptoms of allergies so that it can be used more conveniently.

Process

- 1.concept thinking and choosing media
- 2.sketch ideas
- 3.prepare objects
- 4.setting the scene
- 5.photograhpy
- 6.edit pictures

Materials and Technique

- 1.photography equipments
- 2.adobe photoshop
- 3.adobe illustrator
- 4.paper and box
- 5.pills
